

DESIGNS WITH FLEX & FUNCTION

Incapital Holdings was founded in 1999 with 175 employees in multiple North American Offices. The company is a private investment and trading company. The local Boca Raton office was designed by Diana, in conjunction with GHA, in 2010 to reflect the contemporary technological approach, conveying a progressive company to its clients. The design won the IIDA Sandi Award for Design Excellence - Corporate Design and the ASID Design Excellence Award, Workplace/Office Design. Since that time the company's need to expand the office area was recognized and called upon Diana to design the new space, and again incorporate the original concepts of transparency, total visual collaboration amongst the traders and management. The owners requested a conference room with state of the art acoustics, center private offices with maximum use of daylight and the use of LEED principles throughout the design process. Through the use of a rich design of wood panels, sleek glass and hardware, functionality was achieved, yet with a futuristic aesthetic. Workstations specified were provided by Allsteel and provided ergonomic office furniture that is comfortable while being functional and flexible.

FROM THE PRESIDENT

Finding time to study while working full time is a challenge and shows a commitment to the industry, and a willingness to improve skills that in the long-term benefit our clients. We congratulate Carmen Ho, on gaining her LEED AP accreditation. This achievement recognizes Carmen for her knowledge and understanding of green building practices and ensures she stays current with sustainable principles and practices through continuing education requirements.

Diana Castro, ASID, IIDA, LEED A.P.
President of H3Design

PRODUCT SPOTLIGHT

CLARITY CHAIR BY ALLSTEEL

Neocon, the premier design exposition and conference for commercial interiors was held in Chicago from June 9-11. Diana was in attendance and explored the myriad of new and innovative products available in the interior design marketplace. Diana strives to keep abreast of new leading edge products and concepts, and is always willing to showcase them to her clients.
